

ALPHA and OMEGA

This is the official publication of the Miller Number Custodian, who is:
Fred G. Hyatt 60 Grandview Place, Montclair, New Jersey 07043

NUMBER 16
JULY 1988

As usual, there is not a whole lot to comment on. It would seem that I am a number factory and not much more. That is fine, as it indicates that there are no GM/Player problems out there that need to be referred to the MNC.

Then there was one little bit of a mess in one Gunboat game. It seems one of the players resigned, a stand-by was called (I should say a replacement). Then both the original player and the replacement submitted orders, with the original player claiming the resignation was mis-understood by the GM, and that the player had not actually resigned.

The GM wrote to me and asked which player should have the position. I asked him a question or two in return and never heard back from him, so I am supposing the problem solved itself, though I would like to know what the GM finally decided.

STATE OF THE TREASURY: Income since Issue NR. 15: \$9.00, expenditures: \$9.56 for a net operating loss of \$0.56
